

Is GIVING BACK

Do you know someone who may really benefit from free repair service?

Cool Tech is giving back to the community this winter and next summer during Our “Cool Tech Gives Back” campaign by offering free repairs for those who need them most. Cool Tech selects 2 deserving individuals or families each winter and summer to assist with heating and/or cooling repairs. Perhaps this is an elderly individual, or a family on a fixed income who can’t quite set enough money aside to make their home comfortable.

We need your help finding them!

If you can think of someone who qualifies, nominate them by phone 817-404-4945 or e-mail at info@cooltechmechaical.com.

Residential repairs only* Recipients of “Cool Tech Gives Back” will be featured on our Facebook page. There are no age or income restrictions, so nominate away!

* minor repairs only, excludes, equipment, compressors, coils and modulating blowers. Major repairs or equipment replacement will be discounted. Program is subject to end at any time.
